PROFESSIONAL EXPERIENCE

Front-end Developer | *ReadyMind*.

Oct. 23 - Present.

- Develop an intranet for Las Condes Municipality (Chile), used daily by over 1,000 employees, which renders personalized data for each user and supports the municipality's digital transformation.
- Develop the front end for Fornieles Lawyers' website, enabling the conversion of contract templates into final documents through form completion, enhancing enterprise productivity.
- Develop a web part for Britain Hospital that conditionally renders buttons based on user data, enhancing SharePoint's native functions and improving staff efficiency.
- Design UIs for the CGC geographic coordinates converter app using Figma.
- Test applications to ensure robustness and reliability.
- Participate in client meetings to translate requirements into application features and maintain and scale applications according to client needs.
- Create two chatbots for Cenit (Colombia) using OpenAI artificial intelligence and the Copilot Studio platform.
- Notable ReadyMind achievement: Microsoft Partner of the Year in Latin America, 2024.
- Main Technologies: TypeScript, React, Redux, Figma. Agile methodology: Scrum.
