PROFESSIONAL EXPERIENCE

Front-end Developer | *ReadyMind.*   Oct. 2023 - Present.
- Develop an intranet for Las Condes Municipality (Chile), used daily by over 1,000 employees, which renders personalized data for each user and supports the municipality's digital transformation.
- Develop the front end for Fornieles Lawyers' website, enabling the conversion of contract templates into final documents through form completion.
- Develop a web part for British Hospital that conditionally renders buttons based on user data, enhancing SharePoint's native functions.
- Design UIs with Figma for clients such as Coopidrogas (affiliate portal), Amcor (tasks manager), and CGC (geo-coordinates converter), while providing UX/UI consulting support across the enterprise.
- Test applications to ensure robustness and reliability.
- Participate in client meetings to translate requirements into application features, maintain and scale applications according to client needs.
- Integrate AI into Cenit's (Colombia) interactions by creating two chatbots using the Copilot Studio platform and OpenAI technology.
- Automate approval workflows in SharePoint using Power Automate for Loma Negra.
- Notable ReadyMind achievement: Microsoft Partner of the Year in Latin America, 2024.
- Main Technologies: TypeScript, React, Figma.
- Agile methodology: Scrum, Azure DevOps.

Director and Web Developer | *Cuerdos Vocales, Choir of Cultural Diversity*   Jan. 2014 - Present.
- Develop and maintain the websites using Wix.
- Design the websites and the brands.
- Add an "Alliances" section to the Choir of Cultural Diversity site, achieving 30+ partnerships with government entities, private companies, religious institutions, and civil society organizations.
- Promote SEO for Cuerdos Vocales and add media content, leading to awards from the National Arts Fund, National Music Institute and participation in a festival with 10,000 attendees.
- Migrate the Cuerdos Vocales site from Wix to React achieving complete customization.
